WHOLESALE PRICE=LIST

For Spring and Summer, 1901

ROSE HILL NURSERIES, New Rochelle, N. Y.

WE herewith present our Wholesale Price-List for the spring and summer of 1901, including the very best things for florists' sales. Our stock, immense in its proportions, is all grown cool and the plants are not drawn. All here listed is home-grown and not imported.

These prices are for the trade only, and supersede all previous quotations.

TERMS.—Ninety days, or 3 per cent discount for cash within 30 days from date of invoice, or 5 per cent discount when cash is remitted with order, 90 days net. Satisfactory references must be given by those with whom we have not had previous business dealings.

REMITTANCE.—Remittances can be made by draft, registered letter, or post office money order on New Rochelle, or New York, or money order through any of the express companies.

SHIPPING FACILITIES.—Via **Adams Express Co.**, by which we receive 20 per cent discount; Freight via New York, New Haven and Hartford Railroad direct to all points east and northeast; or via New Rochelle and New York Transportation Line, which transfers in New York to any express or freight lines. We always use our best efforts to obtain the cheapest rates for customers, and also adopt the quickest way to reach destination. If customers will please name the mode of conveyance by which they desire their shipments made, we shall be glad to obey; otherwise we shall use our best judgment. After delivery to the forwarders, all articles are at the risk of the purchaser, unless otherwise agreed. Should any delay or loss occur, the express companies or freight lines alone may be held responsible. No charges for packing or cases.

CLAIMS.—All claims for errors must be made on receipt or stock. We desire to be informed at once of any errors that may occur, in order to rectify same without delay. All goods are offered subject to being sold on receipt of order.

Our leading specialties are Palms and Ferns. See pages 3 to 8.

We invite personal inspection before placing orders, and believe florists will find themselves well repaid for a visit to our model horticultural establishment, which is but 16 miles from Grand Central depot, and easily reached by hourly trains on the N. Y., N. H. and H. R. R. **Write, telephone or telegraph us,** and a carriage will meet you at the New Rochelle station, returning you to train after your visit. Rose Hill is only 1 1/2 miles from station.

NOTICE.—We reserve the right to advance prices without notice.

WE GUARANTEE ENTIRE SATISFACTION

SIEBRECHT & SON

Palms

Palms and Ferns are our leading specialties. We have the largest and finest assortment of Palms in the country; in another year we can challenge the world to equal our stock.

To produce the finest Palms grown has at all times been our aim. Our success is demonstrated by the fact that our stock is noted (1) for being the best in assortment; (2) for being well grown, cool grown, and in fine shape; (3) for justifying all claims made for it in continued public inspection.

One suggestion we offer to the trade. Do not at all times be governed by prices rather than the quality of stock. If you are buying stock to grow on, or to stock your houses, compare ours with others, and we feel confident that your order will be given us.

Kentias being our leading specialty, we would ask especial attention to this section of our stock. It cannot be duplicated in this country, probably not in the world.

ARECA LUTESCENS

One of the most useful Palms.

	Doz.	Per 100	1,000
2-inch pots, 1 in a pot . . .		\$6 00	\$50 00
2½-inch pots, 2 in a pot . . .		10 00	90 00
3-inch pots, 3 in a pot, bushy .	\$3 00	20 00	
3½-in. pots, 3 in a pot, bushy .	4 00	30 00	
5-inch pots, 4 in a pot, bushy, extra	6 00		
7-inch pots, 24 to 30 inches high, 5 and 6 plants in a pot	each, \$1.50	18 00	
8-, 9- and 10-inch pots, and larger, price on application.			

ARECA VERSCHAFFELTII

Each Per doz.

6-inch pots, 4 to 5 leaves, 24 to 30 inches high	\$2 50	\$30 00
7-inch pots, 4 to 5 leaves, 36 inches high	3 00	36 00

ARECA LUTESCENS.

CARYOTA URENS. "Fish-Tail Palm"

2½-inch pots, 1 to 2 leaves, \$10 per 100.

COCOS WEDDELLIANA

This is the elegant little Palm always so greatly in demand for the centers of jardinières. For table and mantel decoration it is one of the prettiest Palms that can be used. We have an especially fine stock in beautiful condition; also, a nice lot of made-up specimens.

	Per 100	1,000
2½-inch pots, 6 to 8 inches	\$12 00	\$100 00
3-inch pots, 8 to 10 inches	15 00	
3-inch pots, 12 to 14 inches, selected	25 00	

COCOS WEDDELLIANA.

NOTE. Our stock of Palms is the finest in America, and in our quotations we wish to state that where we quote sizes of **pots**, our plants are much stronger and heavier than those of other dealers in such sizes. We do not sell by size of pots, but **by the size of the stock in the pots.**

KENTIA BELMOREANA.

KENTIAS

Our Leading Specialty

We would ask special attention to this section of our stock. It cannot be duplicated in this country; we doubt if it can in the world. This variety of Palm is the money-maker, and called "Queen of Palms," because of graceful growth. It is hardy, durable and more in demand than any variety in cultivation. "Rose Hill" has been named the "Kentia Farm" because here they are grown from seed to large specimen plants in such immense quantities. We have, at present, about 400,000 Kentias in pots, and about 200,000 seedlings ready for potting. It is worth a trip to see such a stock. We have 17 houses, from 100 to 280 feet long and 36 feet wide, filled with *K. Belmoreana* and *K. Forsteriana*.

KENTIA BELMOREANA

Pots	Leaves	In. high	Per 100	1,000
2-inch	3 to 4	4 to 6	\$8 00	\$75 00
2½-inch	3 to 4	6 to 8	10 00	90 00

5-inch pots, 8 leaves, 20 to 24 inches high	2 50

SEAFORTHIA ELEGANS.

SEEDLING PALMS**Here is Where the Money is Made**

Buy the seedlings and grow them on; you can add immensely to their value from year to year. The stock does not become worthless, like bedding plants, but more valuable each year.

KENTIAS BELMOREANA and FORSTERIANA. From flats; transplanted, in fine condition, ready for potting, 3 to 4 leaves, 6 to 8 inches high, \$6 per 100, \$50 per 1,000.

PHOENIX RUPICOLA. One leaf, ready for potting, \$8 per 100.

LICUALA PELTATA. One leaf, strong, ready for pots, \$6 per 100.

HOUSE OF ADIANTUM FARLEYENSE.

Ferns

Ferns are another leading specialty with us, and our pride in offering 14 houses of the finest stock in cleanest, healthiest condition, we think entirely justifiable.

The varieties offered are all particularly well adapted to the florist's trade, having given complete satisfaction after repeated trials. We carry a large stock of Ferns not mentioned in this list, prices for which will be quoted on application.

JARDINIERE FERNS

Aspidium tensinnense, *Cyrtomium falcatum*, *Pteris albo lineata*, *P. cretica cristata*, *P. adiantoides*, *P. Winsette*. 2¼-inch pots, \$3.50 per 100, \$30 per 1,000; 500 at 1,000 rate.

The above varieties are the best for Ferneries

The "Siebrecht Jr." Plant Stand is neat, strong and handy. It will save acres of space under glass. See page 15.

DECORATIVE TREES

LAURUS NOBILIS (Sweet Bay). Nothing can take the place of the classical Bay Tree, with its thick crown or pyramid of glossy leaves, for outdoor decorations, or for ornamenting halls, stairways, etc. We have a choice stock of these handsome trees, grown both as standards and pyramids. These we can furnish in all sizes, from \$20 to \$100 per pair. Height, diameter and full particulars will be furnished on application.

BUXUS ARBOREA (Box Tree). These shrubs are trained and clipped like Bay Trees, and may be used for the same purpose. As they are perfectly hardy, there has been a great demand for them for vases and cemetery decoration. We furnish them trained either in standard or pyramid form for from \$1 to \$3.50 each. Full particulars sent on application.

LIGUSTRUM CALIFORNICUM (California Privet). This beautiful glossy-leaved shrub, trained in the standard form of the Bay Tree, may also be used for lawn decoration with very gratifying results. We have a magnificent stock, and can supply 5-foot trees, 36 inches in diameter, as handsome as standard Bay Trees, at from \$6 to \$10 per pair.

ORCHIDS

We have the finest and largest collection of Orchids in the country. All plants established, and in the best of condition.

Assorted Named Varieties, our selection, for beginners. \$6, \$7.50 and \$10 to \$12 per doz.

For Cut-Flower Growing. Good, strong plants in the following varieties: Cattleyas, Cælogynes, Cypripediums, Dendrobiums, Lælias, Lycastes, Odontoglossums and Oncidiumus, \$15 to \$20 per doz.

Choice Selected Varieties for private places, with full description of the very best types. Price on application.

MATERIALS FOR ORCHID CULTURE

Also for *Nepenthes* and *Sarracenias*

RAFTS, CYLINDERS and CRIBS. Made of wood, put together with copper wire and brass nails. 15 per cent off on Cribbs, Rafts and Cylinders.

A GROUP OF DECORATIVE TREES.

CYPRIPEDIUM INSIGNE.

NEW CARNATIONS FOR 1901

PROSPERITY. Immense; fancy. White, overlaid with pink in mottled effect. \$5 per doz., \$15 per 100.

NORWAY. Pure white. \$1.50 per doz., \$10 per 100.

EGYPT. Rich scarlet-crimson. \$1 per doz., \$10 per 100.

QUEEN LOUISE. Large, white. \$2 per doz., \$10 per 100.

GENEVIEVE LORD. Large, pink. \$6 per 100.

MRS. THOMAS LAWSON. The noted pink variety. \$6 per 100.

GOVERNOR ROOSEVELT. Deep rich brilliant scarlet. \$2.50 per doz., \$12 per 100.

 We should also be pleased to quote prices on the standard Carnations, amongst which are some of the most profitable.

NEW BEGONIA, Gloire de Lorraine

Undoubtedly the greatest gem in winter-flowering Begonias yet introduced. It grows from 12 to 15 inches high, forming naturally graceful bushy specimens, which from October to April are completely smothered with soft rosy pink flowers. It is an especially valuable plant for the holiday season, plants less than 10 months old having been sold in 6-inch pots in the eastern cities last Christmas at from \$5 to \$10 each. 2-inch pots, \$2 per doz., \$12 per 100.

NEW CARNATION, EGYPT.

LARGEST AND FINEST STOCK IN AMERICA

NEW CHRYSANTHEMUM, TIMOTHY EATON.

NEW CHRYSANTHEMUM, Timothy Eaton

This Chrysanthemum has created a greater sensation than almost any other ever placed on the market. It is by far the largest globular Japanese variety yet raised. Color creamy white; stem stiff and strong enough to hold the immense flower perfectly erect; foliage fine. Successful growers say that they plant it as close as 6x9 inches, and recommend crown buds, which should not be taken before August 15. It is in season November 15 and later. It is not only the greatest exhibition white, but also promises to become one of the very finest commercial varieties. Some idea of its qualities may be gleaned from the fact that this huge Canadian came down over the border last fall and scooped every prize and trophy for which it was entered.

The awards were as follows: Chicago, silver cup offered by the C. S. A. for best 10 blooms; New York (American Institute), \$25 cash; New York Horticultural Society, silver cup, value \$25, for best 50 blooms; Philadelphia Pa. Horticultural Society, silver cup and silver medal; Elmira, silver cup offered by the board of trade for the best novelty not yet in commerce; certificate by the N. C. Society of America, scoring 92 points. Every one will want this grand variety. It is having a very large sale. 50 cts. each, \$30 per 100.

LARGEST AND FINEST STOCK IN AMERICA

THE "SIEBRECHT JR." PLANT STAND

By screwing these stands up to any height desired, and elevating large plants above small ones, the florist can add one-third more stock to the contents of each house. The "Siebrecht Jr." Plant Stand is one of the handiest and most practical articles yet invented for general use in dozens of ways about a greenhouse. In grouping plants for decorative effects it is especially useful.

We offer these stands, all ready to be screwed together, which can be done by hand in a few minutes, in the following sizes :

Height	Per pair
I. 15 in., plain cast-iron flanges, $\frac{3}{4}$ -in. pipe . .	\$0 40
II. 18 in., plain cast-iron flanges, $\frac{3}{4}$ -in. pipe . .	50
III. 24 in., plain cast-iron flanges, $\frac{3}{4}$ -in. pipe . .	70
IV. 30 in., plain cast-iron flanges, $\frac{3}{4}$ -in. pipe . .	75

THE "SIEBRECHT JR." PLANT STAND.

SIEBRECHT & SON'S PATENT GREENHOUSE SHADING

The most satisfactory Shading ever used
Never gets out of order Lasts as long as a good greenhouse

How it is made and operated. The Shading is made of slats, which are of the best clear wood. It is arranged in sections, either $6\frac{1}{2}$ or 8 feet wide, but can be made any width and length to suit size of roof. These slats are fastened together very substantially with galvanized wire bands and rings. The chain-like fastenings are from 16 to 18 inches apart, each section of Shading having a roller attached to the lower end, the other end being fastened to the ridge of the house or highest point to be shaded, and where, by means of a pulley and line, it is easily rolled up and down at

whatever distance desired. It can be operated inside or outside of the house. It will protect your glass from hail storms, and your plants from the intense heat in summer, and from severe cold in winter. Does not get out of order; does not destroy paint, putty or glass, as is the case with the old-fashioned method of whitewash or paint. It gives your house an even and cooling shade, and a neat appearance. It can be rolled up and down at will, which is a great advantage, especially when the short, dark days come and only a little shading is needed. Estimates given on application.
